

Shelving Solutions

Available Products

Z-Line

Boltless rivet shelving. Easy assembly. Access all four sides. Most versatile option.

Die Rack

Heavy duty boltless rivet with steel shelving. Very high load capacity.

Bulk Storage

Beam and upright system. Highest capacity. Widest span. Welded uprights. Boltless.

Available Products

Q-Line

Industrial clip shelving. Smooth steel shelf. Open and closed styles. Most economical option.

L&T

Designed for quick installation and reconfiguration.
Versatile, low-cost storage solution. Highly customizable.

Capstone

Boltless shelving with steel shelves.
Multipurpose shelving. Great for office and warehouse use.

ESP

Durable packaged shelving.
Economical storage option.

Stur-D-StorTM

Complete unit ships in one box.
Vertical or horizontal configuration. Quick assembly.

Z-Line

Z-Line: Boltless Rivet Shelving

1

Easy Assembly

Tapered keyhole slots and snap-in rivet design makes installation easy.

2

Unobstructed Access

No side or back braces allows access to stored items from all sides.

3

Structural Integrity

Shelf supports incorporate double rivet connection to intermediate "T" posts making a rigid shelving framework.

4

Flexible Design

Shelves adjust in 1 1/2" increments.

5

Locator Keyhole Slot

Locator slot makes positioning shelves easy.

6

Great for Tall Ceilings

Upright posts available in heights of up to 16'.

7

Added Reinforcement

Center supports reinforce deep shelves.

8

Variety of Shelf Options

Industrial grade 5/8" thick particleboard, solid steel or 2" x 4" grid-pattern wire decking.

9

Durable Finish

Painted with a tough, long lasting epoxy finish.

Low Profile

Capacity: Up to 800 lbs.
per shelf, evenly distributed

Medium Profile

Capacity: Up to 1,000 lbs.
per shelf, evenly distributed

Heavy Duty

Capacity: Up to 2,250 lbs.
per shelf, evenly distributed

Extra Heavy Duty

Capacity: Up to 2,500 lbs.
per shelf, evenly distributed

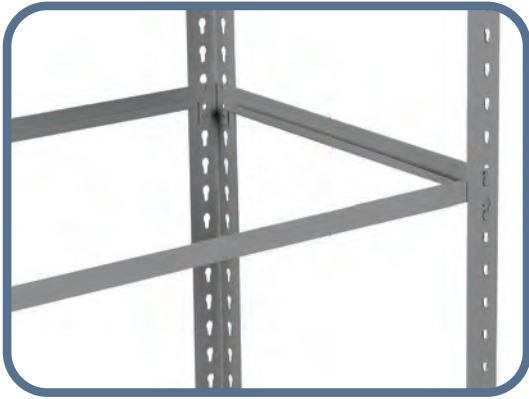

Available Colors

Sand

Medium
Grey (MGY)

Support Options

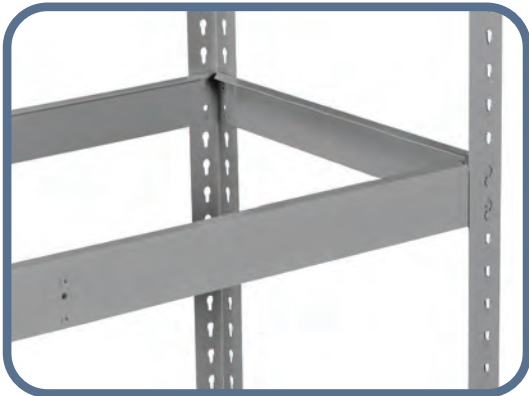

Light Duty Supports

Specially designed 1 1/8" high shelf supports provide greater openings, allowing for extra vertical space.

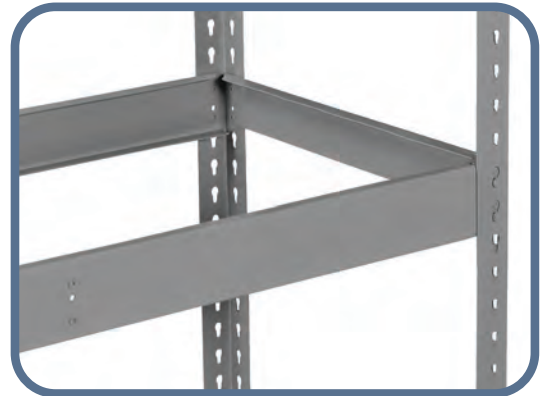

Medium Duty Supports

2 1/4" shelf supports are engineered to allow for decking to be seated on shelf supports, providing extra storage space.

Heavy Duty Supports

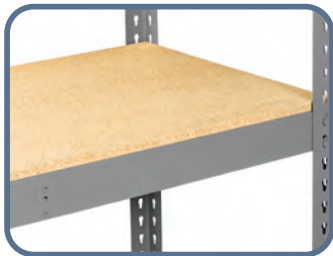

2 3/4" high steel beam provides a heavy-duty load capacity.

Extra Heavy Duty Supports

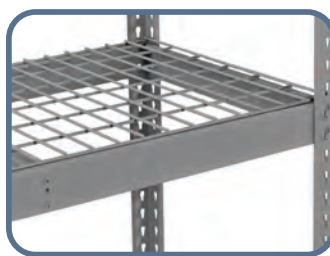

3 1/4" high steel channel beam provides maximum strength for widths of up to 96".

Decking Choices

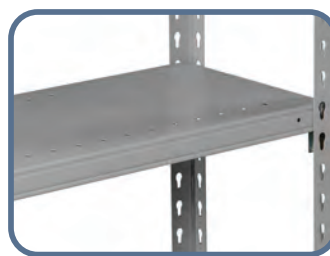

Particleboard

Industrial grade 5/8" particleboard decking provides a sturdy work surface that is both strong and economical.

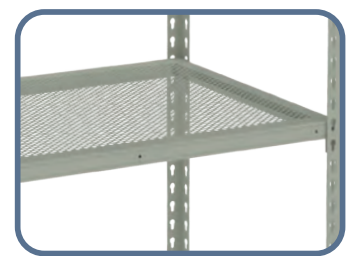

Wire

Select wire decking for better visibility of items. Meets Factory Mutual fire codes.

Solid Steel

Ideal for applications with excessive humidity or specific fire codes.

Perforated Steel

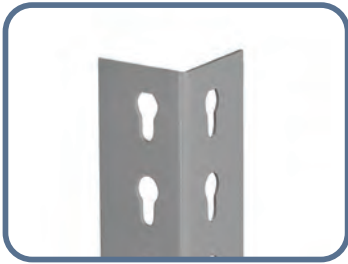

Ideal for applications with excessive humidity and higher visibility.

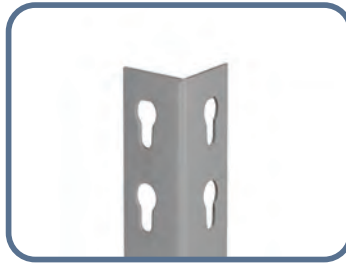

Z-Line Options

Post Options

Select SUR posts for heavy weight applications.

Select EUR for light or medium weight applications.

Select intermediate ZTP posts when connecting shelving units.

Accessories

Foot Plates are used to secure shelving unit(s) to the floor.

Caster Mounts available as swivel with brakes or fixed casters. (Available on select sizes)

Hang Rods allow for storage of clothing or other items.

Q-Line Options

Post Options

Offset Angle Posts are used for stand-alone units or as rear posts in conjunction with beaded posts in front.

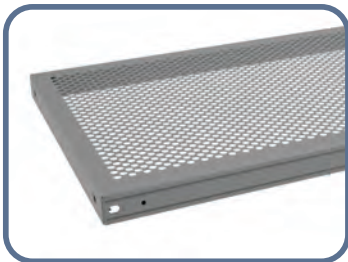

Standard Beaded Posts are used as a common front post on long runs of shelving. Narrow profile offers unobstructed shelf access.

Heavy Beaded Posts are used for heavier load situations as common front post on long runs of shelving. Narrow profile offers unobstructed shelf access.

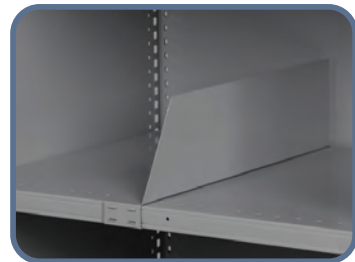

Accessories/Options

Perforated Shelves helps to meet fire codes by allowing sprinkler water to reach all levels.

Shelf Boxes feature welded steel construction and a selection of six box sizes.

Sliding Dividers can be placed anywhere along shelves for maximum versatility. Includes built-in label holder.

End Sway Braces provide rigidity by keeping the shelving unit perfectly square even when heavily loaded.

Back Sway Braces maintain the unit's vertical alignment to assure that even the heaviest loads can be safely stored.

Splice Plates are used to splice two uprights together.

Label Holders provide a way to locate and identify stored items.

Shelf Dividers are available in 15 sizes and create custom sized bins.

Bin Fronts keep parts from spilling off shelves.

Bulk

Bulk Storage Rack

1 Unique Tapered Finger Design

Superior beams lock into the uprights on 2" centers and hold up to 4,150 lbs., when weight is evenly distributed.

2 Reinforced Uprights

Uprights are pre-welded for strength and will support up to 17,000 lbs.

3 Z-Profile & Channel Beams

Specially formed beams add strength at the front and rear of shelf edges.

4 Three Decking Options

Choice of corrugated steel, particleboard or flat wire decking.

5 Easy Assembly

Bulk storage units go together fast and easy. Beams simply slide into place.

6 Various Sizes Available

Construct units from four widths, four depths and seven heights.

7 Durable Finish

Painted with a tough, long lasting epoxy finish.

Intended for hand loading only.

Available Colors

Sand (SND) Medium Grey (MGY)

L&T Boltless Shelving

1 Unique Construction

Intuitive design allows for endless expansion. Add sections to an existing installation by using "T" uprights as common center posts and finish with "L" uprights.

2 Easy, Snap-Together Assembly

Unique design offers time saving snap-together assembly. A rubber mallet is required to secure supports.

3 Double Entry Access

Grants access to items from the front or back of the shelving unit.

4 Multiple Shelf Options

Offerings include thin line and heavy duty with or without dividers.

5 Adjustable Shelves

Shelves are adjustable in 1 1/2" increments to create custom openings.

6 Customize Your Shelving

Complete customization with options including dividers and back/end stops.

7 Variety of Finished Uprights

Choice of open uprights or closed uprights.

8 Durable Finish

Painted with a tough, long lasting epoxy finish.

Available Colors

				
Sand (SND)	Champagne Putty (CPY)	Light Grey (LGY)	Medium Grey (MGY)	Black (BLK)

L&T Options

L&T Accessories

Reference Shelf provides a convenient pull-out workspace.

Shelf Reinforcements spans from front to back and adds support to deeper shelves.

Front Base prevents items from rolling under shelving and provides a finished look.

Unslotted Center Dividers keep materials separated on double entry shelves.

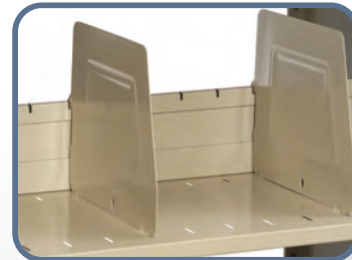

Backs provide shelving with a finished look. Heavy gauge seismic backs also available.

Aisle Ties add stability to units or ranges by connecting them across the aisle.

Wall Ties secure shelving units to the wall for added stability.

Back Stops support shelf dividers and keep items where they belong with back stops.

Capstone Shelving

1 Pre-Configured Units

Individual units are available in 76" and 88" heights, 36", 42" and 48" widths while offering 18" and 24" depths.

2 Clean Line Style

Double wall post construction conceals the keyhole slots for a clean, attractive appearance.

3 Ships In One Box For Easy Assembly

Unique design offers time saving snap-together assembly. A rubber mallet is required to secure supports.

4 Super Strong Framework

Steel shoulder rivets, combined with steel uprights and shelf supports, offer up to 650 lb. shelf capacity.

5 Adjustable Shelves

Shelves are adjustable in 1 1/2" increments to create custom openings.
